

Foot Volleyball Table Natural Concrete

Product code: VV.NT

£ 3,700.00 excl. VAT
(£ 4,440.00 incl. VAT)

A solid sport-/game table with slightly curved table-top with the dimensions of a ping pong table (274 x 152 cm) This table, like our other tables, are made of one piece of solid concrete.

All sorts of games are possible, usually using a football.

The Foot Volleyball Table is ideal in helping to improve the ball technique at a football club. This means two things at once: playing fun and also improving technique.

In the same way as all HeBlad tables, our Foot Volleyball Table is also resistant to all weather influences. A real showpiece for public (school) squares, parks, playgrounds and sports clubs etc.

This Foot Volleyball Table is made in Natural Concrete, but also available in Anthracite- Concrete, Blue and Green.

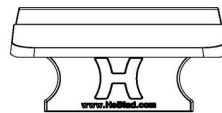

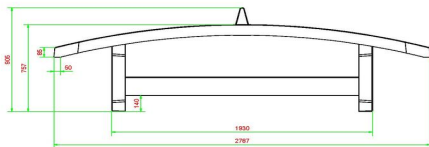

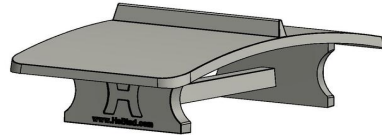

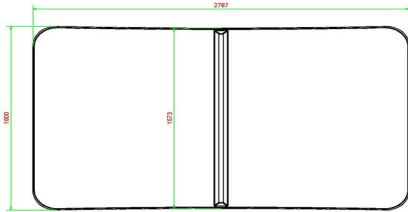

We recommend placing the foot volleyball table in an obstacle-free area of

10 x 8 meters.

Agile football players can play with less free space.
