A luxurious games table that encourages outdoor play. With three different board games integrated into the tabletop, you have a beautiful picnic set that gives many a reason to enjoy the outdoors.

Which games to play at the multi-game table 1-3-4?

The multi-game table 1-3-4 means that this game table is equipped with a chess board (1), a ludo game (3) and a backgammon game board (4). HeBlad always supplies the corresponding playing pieces for free with the multi-game table. You can also order the multi-game table in other combinations. This also applies to the colour; the multi-game table is available in both natural concrete and anthracite concrete. The description 'Deluxe' of this table refers to the bamboo seats. These provide an extra comfortable seat, while the material is also weather resistant, just like the standard version.

How much space does the multi-game table 1-3-4 need?

The dimensions of the multi-game table 1-3-4 natural concrete are 210 x 193 x 75 cm and it weighs 780 kg. The tabletop is 210 x 90 cm and the seats have a seat height of 50 cm. Because the tabletop is placed at a height of 75 cm, the tabletop and the seats are the perfect distance apart for a comfortable sitting position. When installing the multi-game table, it is important to us that we can easily reach the site with our truck and crane. It is also important for you and your users that there is space around the gaming table, so that you can walk around the table.
